

Job Title:

Poultry Auditor-contract basis

Required Skills & Experience:

- Independent and free of conflict of interest
- Candidates would be on a contractual basis. This is not a full-time position.
- Fair-minded and able to maintain an objective approach at all times
- Strong critical thinking skills
- Excellent organization and attention to detail
- Customer-service focused with proven communications and people skills
- Strong aptitude for professionalism and confidentiality
- Working knowledge of Microsoft Office and willingness to learn proprietary IT systems – hardware, software and mobile applications
- Specifically, candidate needs to have a minimum of an agriculture degree and 5 years of experience or 15 years of experience within the industry

Additional Requirements:

- Extensive knowledge of agricultural systems, with a primary focus in poultry, processing facilities and food manufacturing
- Potential auditors would need to either have a PAACO poultry certificate or willing to go through the PAACO training to obtain certification
- Additional working knowledge and experience in any of the following categories is a plus and will be weighted heavily in preference: beef, swine, crops, and/or feed productions systems
- Interested candidates would need to use technology such as an iPad or tablet for gathering information for the audits
- Biosecurity would need to be followed by the auditor per the client's request
- Individuals would not be able to own any poultry or birds of any types as this would be a biosecurity issue with the farms that we audit

Roles and Responsibilities:

- 100% travel as the schedule dictates
- Verifiers will be trained on program requirements and participate in ongoing training, knowledge share and process improvement.
- The core verification process includes: coordinating verifications with the office and customer, preparing for onsite verifications, conducting verifications, completing the verification checklist and submitting all relevant information to the Customer Verification Specialist team.

***Independent contract position; income potential based on audit capacity.**
